

PearlMax™ 4s

PearlMax4s is the upgraded version of the PearlMax4. It features henceforth a new touch pad control panel which provides an enhanced overall look of the unit combined with a more comfortable operation and easier cleaning of this area. Like its predecessor, the PearlMax4s is a self-contained water dispenser offering outstanding carbonation and cooling performance.

Key features:

- Modern touch pad control panel based on existing PearlMax controller
 - Portion control option
 - Electronic monitoring of dispense volumes, filter and UV-C lamp
 - Multilingual LCD display
- Choice of still, ambient, chilled and carbonated water
- Design engineering focused on the delivery of hygienic water quality e.g. nano coated dispensing nozzle and optional UV-C lamp
- Easily removable drip tray with water level indicator (optical and electrical)
- Optional base stand to integrate filter and CO2 bottle
- Water filters can be installed inside
- Integrated features: AquaStop, inlet water pressure regulator and electronic carbonator level control
